

Cognitive Rhythms Collaborative  
and

Center for Computational Neuroscience and Neural Technology

Spring 2014 Mini-Symposium  
*Frontiers in Non-Invasive Brain Stimulation*

Wednesday, April 16, 2014 at 1 pm

Boston University Photonics Center 206  
8 Saint Mary Street  
Boston, MA 02215

**1:00 - 1:15**     **Registration**

**1:15 - 2:00**     **Dr. Lucas Parra**, *City College of New York*

"Transcranial electrical stimulation: mechanisms and targeting"

**2:00 - 2:45**     **Dr. Tommi Raij**, *Massachusetts General Hospital*

"Transcranial magnetic stimulation: mechanisms and navigation"

**2:45 - 3:00**     **Break**

**3:00 - 3:45**     **Dr. Noah Philip**, *Alpert Medical School of Brown University*

"Clinical implications of frequency dependent neuromodulation"

**3:45 - 4:30**     **Dr. Alvaro Pascual-Leone**, *Harvard Medical School*

"Characterizing and guiding brain networks with noninvasive brain stimulation"

**4:30**             **Discussion / Reception**
